The 7 Pillars of Academic & Personal Success Every Homeschool Family Needs

How to Build a Strong Foundation with EES Success Academy's Proven Approach

Introduction

Are you a homeschooling parent who wants more than just the basics for your child? At **EES Success Academy**, we know that true success is built on a foundation that goes far beyond textbooks and tests.

That's why we developed **7 powerful pillars** that guide everything we teach — to prepare your child not only for academic excellence but for life.

This guide will introduce you to these pillars and show why they are essential to any homeschooling journey.

The 7 Pillars of Success at EES Success Academy

1. Entrepreneurship

We teach students to build skills beyond academics by creating products and services—helping them develop a real-world money mindset early. Each year, students must earn at least \$500 through their own ventures.

2. Echo Assessment

Learning is mastery-based. Concepts are taught, retaught, and retested until your child reaches at least 86% understanding—no shortcuts, no gaps.

3. Early Grade Completion

Accelerate learning by completing two grade levels in one year starting in grade 9. For motivated students, this means graduating early and jumping ahead to college or career.

4. Publishing

Every student must publish a book annually, empowering them to share their voice and build confidence through writing and creative expression.

5. Mental Health

We emphasize emotional awareness and healing. Your child learns to identify and eliminate negative emotions, building resilience and accountability.

6. Dual Enrollment

High school students earn college or technical credits alongside their high school diploma—saving time and money on post-secondary education.

7. Farming/Gardening

Practical skills meet entrepreneurship. Students plant, tend, and sell produce at an annual kid-run farmers market—learning responsibility and business.

Why You Can Only Get This at EES Success Academy or via Our Finding Success Curriculum

Our unique curriculum integrates these pillars into daily learning. Whether your child attends in person at **EES-SA** or you purchase the **Finding Success Curriculum** to use at home, these pillars are the backbone of everything we teach.

No other homeschool program combines mastery learning, entrepreneurship, mental health, and real-world skills like ours.

Bring EES Success Academy Near You

Did you know? If you can gather about ten families in your area with children ready to enroll and pay tuition, we can establish an EES Success Academy anywhere in the country!

This means your community can enjoy the full benefit of our proven, faith-based program without relocating.

Ask us for details on how to start the process and build a thriving EES Success Academy in your area.

How to Get Started

- **Enroll Your Child at EES Success Academy:** Experience all 7 pillars through personalized instruction, small classes, and a supportive community.
 - **Purchase the Finding Success Curriculum:** Implement the same proven pillars at home with easy-to-follow guides and expert support.
 - **Start a Local EES Success Academy:** Gather interested families and contact us to bring EES-SA to your city or town.
-
